STATUS OF THE CLAIMS:

Please cancel claims 13-30 without prejudice or disclaimer.

Claims 1-30 - Canceled.

Please add new claims 31-34 as follows:

- 31. (New). A method of producing interspecific impatiens seed, the method comprising the steps of:
- a. crossing a first parent *Impatiens flaccida* plant with a second parent *Impatiens Hawkeri* plant; and
 - b. harvesting the resultant interspecific impatiens seed.
- 32. (New). The method of claim 31, further comprising the step of planting the resultant interspecific impatiens seed and growing into an interspecific impatiens plant.
- 33. (New). The method of claim 32, further comprising the step of selecting a interspecific impatiens plant having a trailing habit.
- 34. (New). The method of claim 33, further comprising the step of taking a cutting of said selected trailing interspecific impatiens plant.
